### What is a Financial Services Guide (FSG)?

The purpose of this FSG is to provide you with key information about us and the services we can provide to you. It is designed to assist you in your decision on whether to use any of our services described here, including purchasing general insurance through us. This FSG contains important information about:

- how we are paid for the services;
- any associations or relationships that could influence the services we provide to you; and
- the dispute resolution procedures available to you and how you can access them.

### What other documents will we give you?

If we give you personal advice about a retail (i.e. personal) general insurance product it will be confirmed in writing and will show details about fees and commissions we receive.

If we recommend or arrange for you to purchase a general insurance product, you will be provided with either a product disclosure statement (PDS) or a policy document, depending on the product. The PDS or policy document describes the benefits and conditions for cover under the product. You should read the documents to ensure you know what is covered and what is excluded and ensure it meets your needs and you are aware of your obligations.

### What remuneration or other benefits will we or any of our associates receive in respect of the provision of the financial services?

#### Commissions

For GIO issued products, Resilium is paid a commission and distribution allowance if you purchase, vary or renew general insurance products we arrange for you. We will receive a proportion of this amount from Resilium. No commission is paid if you do not buy the recommended product. The commissions are calculated as a percentage of the base insurance premium of the relevant general insurance product (which excludes any government taxes and charges). It is not an extra charge to you.

The commission and distribution allowance that Resilium receives depends on the type of insurance product that is sold and the amount of the premium. If we provide you with personal advice on a retail product, we will disclose to you the distribution allowance paid to Resilium and the amount of the commission paid by Resilium to us. We will do this at the time we give you advice or as soon as practicable after. If you don't receive personal advice on a retail product, we can tell you how much commission Resilium receives if you ask.

For NTI and CGU issued policies we receive a percentage of the payment paid to Resilium by NTI and CGU.

For Cover-More issued policies we receive a percentage of the payment paid to Cover-More.

When you purchase products arranged by us, you will receive an invoice that directs your payment. If your premium is payable to Resilium, it will be banked into Resilium's trust account. Resilium will retain the commission from the premium you pay and remit the balance to the insurer in accordance with Resilium's arrangements with the insurer. Resilium will earn interest on amounts in their trust account and may invest such amounts to earn a return. Resilium will retain any interest or return on investments earned.

If we arrange premium funding for you Resilium may be paid a commission by the premium funder. The commission that we are paid by the premium funder is calculated as a percentage of your insurance premium (including government fees or charges). If you instruct us to arrange or issue a product, this is when Resilium becomes entitled to the commission.

Resilium commission rates for premium funding are in the range of 0 to 5% of funded premium. When we arrange premium funding for you, you can ask us what commission rates Resilium are paid for that funding arrangement compared to other arrangements that were available to you. The amount of our commission and any fee that we charge will be set out in the premium funding contract.

#### Adviser Administration Fee

In addition to the premium payable on the insurance product, we may charge an Adviser Administration Fee. The fee charged may vary depending on your circumstances.

If a fee is charged it will be applied when you purchase an insurance product we recommend. We will tell you the actual amount of the fee before you purchase an insurance product.

The fee may also be charged if we provide additional services to you or when you renew the insurance product. If the fee is charged when you renew your Resilium insurance product, the amount payable (which may change) will be set out in the renewal notice.

Depending on the circumstances, we may:

- reduce our commission (which may be to nil) and charge the fee; or
- charge the fee in addition to receiving commission.

For Resilium branded products, Resilium collects the fee on our behalf and passes the fee on to us. Alternatively, we may invoice you directly for the fee. The fee is in addition to the premium payable on the insurance product.

If we charge a fee for products issued by PI Direct or Cover-More Travel Insurance we will invoice you directly.

If you cancel the insurance product, we will retain any fee we have charged you.

We may also receive an amount for the transfer of the book to another Resilium authorised representative.

#### ***Further information***

Any other benefits we receive that may reasonably be considered to influence our advice and services to you will be disclosed in our advice.

#### **Payments to Advisers**

Individual authorised representatives engaged by Minerva Horsham Pty Ltd are salary employed but may also receive a bonus payment for meeting sales targets.

#### **Other Benefits**

In addition to the remuneration described above, we may receive other benefits which could be considered to influence our recommendations to you. These may include non-monetary rewards or benefits e.g. tickets to sporting events, attendance at golf days and competition prizes, which can include items such as gift vouchers, wine or dinners. We may also receive other benefits from Resilium or other licensees such as financial awards or marketing assistance.

GIO will make incentive payments to Resilium if Resilium meets or exceeds agreed targets based on growth in written premium and insurance trading results.

#### ***Conferences***

Each year, Resilium may hold an annual conference for its authorised representatives. Resilium subsidises the expenses of authorised representatives who wish to attend the conference, including our expenses if we choose to attend. The value of the subsidy will vary from year to year depending on the choice location and the overall cost of the conference.

#### ***Payments for our general insurance book of business***

If we leave the general insurance industry, Resilium may agree to pay us an amount depending on the size of our book of general insurance business. The amount is valued at a predetermined rate based on, amongst other things, a multiple of the ongoing remuneration receivable by us on the book of business. In limited circumstances, we may be permitted to transfer part of our book of business under these terms.
